TIPS FOR A SMOOTH RENTAL EXPERIENCE

When picking up a rental car:

- ✓ Arrive on time, according to the reserved time listed on the voucher
- ✓ Make sure the primary driver (as listed on the voucher) brings a valid credit card and driver's license in their name
- ✓ Be prepared with an international driving permit (some suppliers and countries require this by law)
- ✓ Have the Auto Europe voucher on hand and keep a record of the voucher number somewhere safe
- ✓ Bring plane tickets/boarding passes (if picking up at an airport location)
- ✓ Read and understand any extra charges from the rental company (listed on the Auto Europe voucher)
- ✓ Get instructions on how to operate the vehicle (turning headlights and windshield wipers on/off, etc.)
- ✓ Inspect the car and address any existing damages
- ✓ Take photos of the vehicle for documentation

When returning a rental car:

- ✓ Be sure to return no later than the reserved drop-off time listed on the voucher to avoid additional charges
- ✓ Early returns are ok, but make sure the office will be open if returning early
- ✓ If the fuel policy is full-to-full, make sure to fill the tank and keep the receipt
- ✓ Tidy up the vehicle to avoid cleaning charges
- ✓ Make sure to remove all personal items
- ✓ Make sure an employee of the car rental company signs off that the vehicle has been returned without damages
- ✓ Inspect the car and take photos of the vehicle for documentation
- ✓ Obtain final receipt for documentation

INTERNATIONAL DRIVING PERMIT

When planning to drive overseas, one should apply for an international driving permit as soon as possible. The IDP is used in conjunction with the driver's license from your country of residence and is legally mandatory in several European countries. It is translated into several different languages, making it much easier to communicate with law enforcement or the local car rental desk if your client isn't fluent in the local language (or even if they are).

International Driving Permit Country List:

Austria, Australia, Bulgaria, Croatia, Czech Republic, Bosnia-Herzegovina, France, Greece, Hungary, Italy, Poland, Romania, Slovakia, Slovenia, and Spain
